

# Next Generation Cyber Resilience

## SOLUTION BRIEF

### DEFEND AGAINST RANSOMWARE

Recovering from ransomware demands more than traditional backup. Commvault and Everpure™ provide co-engineered solutions that combine secure, high-performance flash storage from Everpure with Commvault Cloud's AI-assisted data security, identity resilience, and cyber recovery capabilities. Together, we help enterprises detect threats faster, recover cleanly, and stay resilient.

### ENABLE CONTINUOUS BUSINESS AT FLASH SPEED

Commvault and Everpure solutions are tailor-made to deliver the performance, efficiency, and recoverability needed to combat modern ransomware threats and data breaches. All on one unified data management platform.

- **Enhance Security:** Pure Storage SafeMode™ provides snapshot immutability on FlashArray and S3 Object Lock on FlashBlade so data is available in the event its needed.
- **Optimize Speed and Performance:** Meet the most update to strict RPOs/RTOs from snapshots or streaming with parallel recovery processes at massive scale. Commvault also enables cross-hypervisor restores/migrations.
- **Support Regulatory Compliance:** Comprehensive, logical air-gapped solutions for operational recovery and continuous cyber recovery testing using an Isolated Recovery Environment (IRE).

**\$4.88M**

average cost of a data breach<sup>1</sup>

**48%**

of breaches often involve PII data covered by regulation<sup>2</sup>

1. IBM, Cost of a Data Breach, 2024  
2. IBM, Cost of a Data Breach 2024

### THE COMMVAULT AND EVERPURE ADVANTAGE

#### Security

Zero-trust architecture with AI-enabled threat detection and multiple layers of immutability.

#### Rapid Recovery

Drive speed and reliability with Commvault IntelliSnap, Accelerator, and Everpure for lightning-fast backups and restores.

#### Deep Integrations

Simplify backup and recovery operations across workloads with seamless Commvault IntelliSnap™ integrations to Everpure.

#### Flexible Consumption

Deploy Everpure Evergreen subscriptions with Commvault for future-ready growth and the best TCO.
